Combination of the activities of the Wilmington Trail Club and Ski Club was furthered at a meeting of both clubs last night in the Y. M. C. A.

The plan for combination was discussed and considered feasible. Memberships and activities of the club overlap considerably, according to members.

Trails and hills in the vicinity of Wilmington which have been donated for the use of hikers and skiers were discussed last night, and announcement was made that three nearby hills have been cleared and prepared for skiing.

Membership cards will be issued to members of both clubs, identifying them so they may use these hills.

Plans were also set up for quick notification of members when ski trips are planned. Swiftmess is necessary in this notification because trips are mapped to meet changing snow conditions.

Charles Kramis, president of the Ski Club presided. Edward Sprague represented the Trail Club. Members of the committee appointed to schedule winter activities for the two clubs are: William Poole, H. D. McKinley, and Clayton M. Hoff.

## The first meeting to plan the merger of WTC and the Ski Club
